;		APPROVAL OF STATE ENGINEER
!		This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
į		following limitations and conditions: This permit is issued subject to all existing
	.	rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right.
!		obtained under this permit will be dependent upon the amount of water
		actually placed to beneficial use. It is also understood that this
i		right must allow for a reasonable lowering of the static water level
i		at permittee's well due to any other ground water development in the
:	1: :	area. A substantial weir or other type of measuring device must be
į] 	
į	1.:	installed and measurements of water use kept. The well shall be
i]. 1	equipped with a 2-inch opening and an air line for measuring depth to.
1	1.1	water. If well is flowing, a valve must be installed and maintained.
		to prevent waste. The State retains the right to regulate the use of
:	 -	the water herein granted at any and all times.
!		the water herein granted at any and att times.
:	: :	
		The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
1		not to exceed 1/9 cubic feet per second, but not to exceed a
ł		yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or
.		all sources.
		Actual construction work shall begin on or before October 11, 1967
•		Proof of commencement of work shall be filed before November 11, 1967
!		Work must be prosecuted with reasonable diligence and be completed on or before October 11, 1968
į		Proof of completion of work shall be filed before November 11, 1968
ļ	1 1	Application of water to beneficial use shall be made on or before October 11, 1969
	1 1	Proof of the application of water to beneficial use shall be filed on or before
	: .	Map in support of proof of beneficial use shall be filed on or before
